Project Name   : BankFlex (August-2017 to September-2018)

Skills Used   : C #, SQL Server-2014, Stored Procedures, AJAX, HTML, CSS, LINQ, EF, Angular, MVC.

About Project : The process includes all the activities of online banking i.e Funds Transfer, Add Beneficiary, Transfer between own/other accounts, Foreign Currency Exchange including others. Deals with the online banking for Corporate and Personal Banking. Have to develop the project, module wise with client interactions.

Project Name   : MahaIT (October-2018 to March-2019)

Skills Used   : C #, SQL Server-2016, Stored Procedures, AJAX, ASP.NET, HTML, CSS, MVC, LINQ, Angular.

About Project : This Project is CRM for the Maharastra University. It covers all aspects beginning from the registration of a new student in the college along with maintaining attendance and marks of every student. In this project, the retrieval of information is done through an INTRANET bases campus wide portal. Information is collected from all the departments and files are created for measuring individual and overall performance.

Project Name : Padhan Mantri Kaushal Vikas Yojna (March-2019 till date)

Skills Used   : C #, SQL Server-2014, AJAX, ASP.NET, HTML, CSS, Angular, Bootstrap, LINQ, JSON, MVC.

About Project   : This is a PAN India Project. Pradhan Mantri Kaushal Vikas Yojana (PMKVY) is the flagship scheme of the Ministry of Skill Development & Entrepreneurship (MSDE). The objective of this Skill Certification Scheme is to enable a large number of Indian youth to take up industry-relevant skill training that will help them in securing a better livelihood. Individuals with prior learning experience or skills will also be assessed and certified under Recognition of Prior Learning (RPL). Under this Scheme, Training and Assessment fees are completely paid by the Government.

The above-mentioned projects are some of my works among many others.
